

ICAR-Indian Institute of Rice Research (IIRR), Hyderabad proudly congratulates Dr. Satendra Kumar Mangrauthia, Principal Scientist, on being conferred the Rashtriya Vigyan Puraskar (RVP) 2025: Vigyan Yuva – Shanti Swarup Bhatnagar award by the Government of India.

This distinguished national honour recognizes Dr. Mangrauthia's outstanding contributions to the fields of agricultural biotechnology, molecular biology, plant stress physiology, and genome editing, which have significantly advanced innovation and scientific understanding in rice research.

Through his pioneering research and leadership, Dr. Mangrauthia has contributed immensely to the development of climate-resilient and high-yielding rice varieties, strengthening national efforts towards food and nutritional security. His unwavering dedication to scientific excellence and innovation for farmers' welfare continues to inspire young researchers across the country.

ICAR-IIRR takes immense pride in this remarkable and well-deserved achievement, which brings great honour to the Institute and the entire ICAR fraternity.
